## Notice of Motion No. 171

### Accountability

I hereby give notice that it is my intention to move the following motion at the Council Meeting on 24 February 2025:

That Council resolve to receive a report to a Council meeting no later than April 2025 (unless deferred to a later date in consultation with the Mayor):

1. Summarising the ways of making the Mayor's diary for the current months, including months ahead, available on Council's web page, with the diary noting the attendance of the Mayor, Deputy Mayor, and ward councillors; and
2. Including information on how the diary could be updated, considerations as to safety and privacy, and how individual councillors might place their own diaries on Council's web page.
